MMPK - MILITARY MULTI-PURPOSE KIT SYSTEM

The *MMPK* System is the first Patented Kit System designed to meet Military, Readiness and Sustainment Specifications.

The Multi-Purpose Waterproof watertight case and cap are designed to protect and keep any essential personal items and valuable accessories secure from external contamination.

Designed to meet Natick Research Criteria the MMPK is able to provide the lightest weight, watertight, puncture resistant multi-functional case, able to withstand rigorous 7 year testing. The MMPK weighs only 4 ounces.

THE MMPK SYSTEM EXCEEDS MIL SPEC STANDARDS INCLUSIVE OF:

Pressure and temperature tested from Minus 45 °F to 158 °F to withstand all shipping and inventory storage environments

RF Welded TPU MMPK Case provides water tight Submersion depths up to 300 feet

Industrial Ziplock seal
and closure clip,
will not crack fade
or lose flexibility

Dust, dirt and sand proof

UV and chemical resistant

Strength Break tested

The state of the art **HEALTH & COMFORT PACK - MMPK** materials and High-tech construction keep contents such as antibacterial towelettes moist, powder, cell phones, medication and paper documents dry under a broad spectrum of extreme environmental conditions.

The **HEALTH & COMFORT PACK - MMPK** current configuration comes pre-loaded and ready to use with **Moist Antibacterial Towelettes** for personal and equipment cleanliness. **Compact Powder Ball**, with patented formula, helps prevent chafing, heat rash, foot fungus and odor causing bacteria.

USE INSTRUCTIONS

1 The Portable MMPK comes pre-loaded and ready to use.

2 Turn Grip Cap 1/8 to the left to access Towelettes.

3 Pull up Star Cap to access dry compartment that contains the Powder Ball.

REFILL INSTRUCTIONS

1 - Open the Exterior MMPK Case Closer Clip located at the end of the MMPK Case.

2 - Pull apart interior zip closure and remove the empty Towelette Cello Pack.

3 - WIPES Remove protective seal from new Towelette cello pack and slide new pack into the MMPK case. Close both waterproof zip closure and Exterior Portable Case Closer Clip.

4 - POWDER BALL Pull up Waterproof Star Storage Cap to access dry compartment. Remove used Powder Ball. Replace with new Powder Ball and snap close.
